

Hunter Climate Summit

Friday 11 October 2019

University of Newcastle, Australia

Why are we here?

Understanding

An understanding of the specific climate risks to the Hunter for your sector

Connection

A greater sense of your place & connection with the broader communities concerned about and most vulnerable to these effects in the Hunter;

Collaboration

Contacts & plans to work with at least three new people from outside their sector, plus reinvigorated connections & plans with those they have met/know at the summit FROM their sector;

Outcomes

A list of potential Summit draft resolutions arising from what you discuss today & an early structure for delegates to continue to work together.

The long coffee date!

1. Panel & streams

Hear from each other

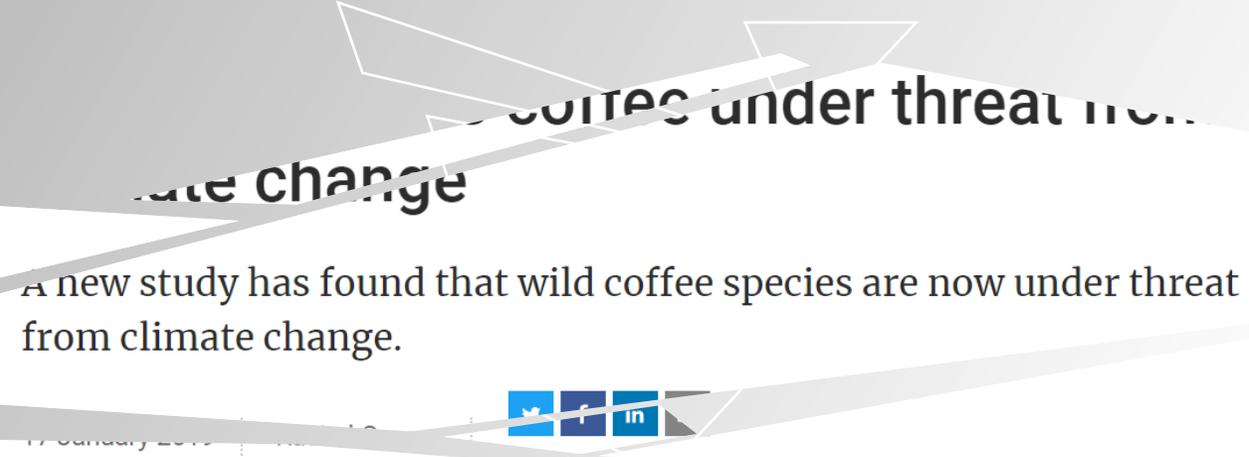

2. Tabletalks

Meet each other.

3. Climate Speed Dating

Work with each other?

The Contribution Walls 😊 - By 3pm today please tell us there...

Your Ideas

Add your voice to the solutions to climate change – what should be done to arrest the emergency? When by, and by whom?

Partnerships

Who have you felt inspired by today? Who would you like to work with, by when? Put your ideas here.

Resolutions

What would you like the Summit to say, in the form of a resolution, declaration, recommendation or demand (however you want to phrase it).

**We will collate & report
back at the Plenary 😊.**
